COMMUNITY INFORMATION NIGHT

**TWO
45 MINUTE
WORKSHOPS!**

Refreshments, Door Prizes, and Take-Home Resources

Did You Know?

- 1 in 5 students will be diagnosed with a mental health disorder; only 1 in 6 will be treated.
- Suicide is the second leading cause of death in ages 16-24.
- Mental health problems can seriously impair a student's academic success and peer relationships.

This presentation by MaryAnn McCrae from the St. Clair Catholic District School Board will be of interest to individuals who want to understand the relationship between mental health, academic achievement and life success, and how that impacts our children, our families, and shapes our cultural expectations both at home and at work. Early intervention is the key. Schools, families and communities can work together to fight stigma, and collaboratively respond to mental health concerns in our children and youth.

KEEP YOUR KIDS
SAFE Online

Presented by (ISC)², the largest not-for-profit membership body of certified information security professionals worldwide, and with representation by the Chatham-Kent Police Service, this workshop explores different issues surrounding your child's online safety. Topics covered include:

Cyberbullying

- Signs your child is being bullied online
- What to do if your child is being cyber-bullied
- Is your child a cyberbully?

Privacy Settings on Facebook

- Who can look you up and see your information?
- Timeline and Tagging
- Blocking People and Apps
- Message Filtering and Friend Requests
- How to report abuse online

When: Wednesday, May 22
Where: Our Lady of Fatma School
(545 Baldoon Road - Chatham)
Time: 7:00 PM - 8:30 PM
(Doors open at 6:30 PM)
