

Important Information for Parents from Chatham-Kent Public Health Regarding Immunizations and School Suspensions

Chatham-Kent Public Health is doing its annual review of elementary student immunization records.

You may have received a notice in the mail or a phone call from public health requesting missing vaccine information be reported to us. If public health has not received the requested information by May 28th, 2015 your child will be suspended from school, by order of the Medical Officer of Health. It is your responsibility, as a parent, to report these shots to public health. Immunizations provided by your health care provider are not automatically reported.

If you have any questions about the recent changes about meningitis, pertussis (whooping cough) and varicella (chicken pox) protection, please call our immunization intake line at 519.355.1071 ext. 5900.

To report any shots to Chatham Kent Public Health

Phone: 519.355.1071 ext. 5900.

Fax: 519.355.0848 Attention: VPD Team

Online: <https://www.chatham-kent.ca/vaccinations>

Dates and locations for school immunization clinics are listed on the following page.

School Immunization Clinic Dates

Our vaccination clinics for Grade 7 and Grade 8 students will continue at local schools this month to protect against Hepatitis B, Meningococcal and Human Papillomavirus (HPV).

These vaccines are only available free of charge from Chatham-Kent Public Health; they are not available from your doctor. Only those students with signed and completed consent forms can receive these shots. If you would like your child to receive these immunizations and have not completed a consent form, please call us at 519-355-1071 ext 5900.

A team of nurses will be at the schools listed below, on these scheduled clinic days*.
