September 24, 2012

Dear Partners in Ontario Catholic Education:

We believe that Ontario Catholic education makes a difference. The Institute for Catholic Education (ICE) invites you to participate in a "Beyond Catholic Graduation Survey" about:

- the spiritual formation
- the cultural engagement
- the academic development

of Ontario school graduates.

This survey, conducted for ICE by the Ontario Institute for Studies in Education, remains true to the long-standing distinctive mandate of Catholic education as reflected in the *Ontario Catholic School Graduate Expectations*.

It is the hope of the partners in Catholic education that the findings will help us celebrate achievements and identify opportunities for further development and growth in pedagogy as well as social and cultural change in the world.

The success of this survey depends on all of us. We invite our Catholic education partners to encourage the participation of as many Ontario Catholic school graduates as possible. I urge all Catholic school graduates to complete this survey in the next few weeks, and I request all partners in Catholic education to share this invitation with as many graduates as possible. For further information about this survey, go to www.beyondcatholicgraduation.com.

Sincerely yours,

Sr. Joan Cronin, g.s.i.c.
Executive Director
Institute for Catholic Education
