

Tips For Parents

General Tips:

Parents are valuable members of the IEP (Individual Education Plan) team. The following tips may enhance your child's participation in your child's educational program:

- maintain ongoing contact with the school
- take an active role in decision making
- ask about other parents who may be in a similar situation; they can be a valuable resource
- ask about the services and resources available

Tips For Participating in the IEP Process:

Before the Meeting:

- find out in advance what the agenda is
- discuss your child's involvement in the process
- jot down your comments and questions in advance
- think about your goals and expectations for your child

At the Meeting:

- find out in advance what the agenda is
- discuss your child's involvement in the process
- jot down your comments and questions in advance
- think about your goals and expectations for your child
