A message from UCC Staff: "Community sustains Faith"

~St. Angela Merici

By being back to face to face learning we are building community. By building community our faith is shared. This is a goal all of us can contribute to by being part of the Lancer family.

This year is about supporting each other, raising each other up, promoting healthy school relationships and community ties. Let's get back to who we were!

In this issue:

Round 2	Pg:1	A New Semester	Pg:2
Lancer Proud	Pg:2		
Winter Extra Curriculars	Pg:2		

Round 2

With first semester wrapped up and with the start of second semester, there are new exciting changes. Little as some of them are it is a glimpse of 'normal' for us students.

4 Period a day learning! Lockers! Lunch in the cafeteria with our friends!

Lancer Proud

It was so great to be back to competitive action during first semester... however all LKSSA extra curricular activities have been paused. We shall wait to hear of an update.

Winter Extra-curricular's

UCC Cares Club
Student Council
Reach for the Top - Wellness Council

A New Semester

Change in Leadership

Ms. Harnarine, with her long history at UCC as a former student, classroom teacher, Guidance Department Head and Vice Principal has now taken over as acting Principal! Ms. Harnarine had her first official meeting as acting principal to address the student body on Monday February 7th. Topics of discussion were safety protocols and how the UCC staff are there for us. Schedule changes and going back to 3 lunches a day so that we can safely use the cafeteria. The possible return of LKSSA sports over the next few weeks. Extra curriculars returning with safety protocols still in place.

I have to say it is great to now have Mr. Powers in a different role at UCC. He was a great principal however it has been super seeing him in the hallways more, conversing with the students, which would have been difficult for him to do as acting principal. I personally am really enjoying this side of him.

Grade 9 Open House

UCC had its grade 8 virtual open house for our future grade 9 student on Thursday February 3rd, 2022.

Breakfast Program

Breakfast Club has begun and is located in the Foods classroom. All are welcome for a healthy snack to start their day off right.

Physical Changes at UCC

New State of the art library, high tech and pretty posh.

New Smart TV in the weight room and a new cable machine.

New face lift to the front main hallway. Lockers were removed and this made the hallways wider and more accessible for all.
