A message from UCC Staff: "Community sustains Faith"

~St. Angela Merici

By being back to face to face learning we are building community. By building community our faith is shared. This is a goal all of us can contribute to by being part of the Lancer family.

This year is about supporting each other, raising each other up, promoting healthy school relationships and community ties. Let's get back to who we were!

We Continue to Get Back to "Normal"

Well into second semester, we continue to get back to our new normal. While the beginning of the semester brought us 4 period a day learning, lockers and being able to eat lunch with friends again in the cafeteria, as we move through second semester we see UCC looking more pre-pandemic.

LKSSA sports are back again with no dividing limitations like vaccination policy to participate or spectate.

After March Break masks are being removed.

Virtual prayer service on March 2 resembling our pre-pandemic masses. I am hopeful we will hold a school mass by the end of the school year.

A wonderful presentation was held at the school in honour of Black History Month on February 15th. Stories were shared about one of the first men that came with the Underground Railroad, as well as tribal drums being played, and we were invited to join in the fun. It was a great presentation and we learned a great deal.
