

Date: **May 30, 2023**
Prepared by: **Laura Callaghan, Superintendent of Education**
Subject: **Policy Approval – Elementary Curriculum**

Background

The following policy and related administrative procedure was reviewed and approved by the Policy Vetting Committee on April 25, 2023, and is being brought forward to the Board for final approval:

- *Sec. B Administration - Assessment, Evaluation and Reporting of Student Achievement*

This policy continues to align with the Ministry Policy for Assessment, Evaluation and Reporting *Growing Success*. Upon review of other Catholic School Board policies and procedures in this area, a few revisions to reflect our Catholic identity and place more emphasis on equity were made.

Our current Board Assessment, Evaluation and Reporting Guidelines are under review. A small team from Catholic Learning Services engaged in this process and a revised, digital guideline will be completed and released in September, with ongoing professional learning in this area integrated into support for staff and administrators.

Recommendations

That the St. Clair Catholic District School Board receive the report: *Policy Approval – Elementary Curriculum* for approval.
