

Date: **September 26, 2023**
Prepared by: **Scott Johnson, Director of Education**
Subject: **Introducing Assistant Superintendent Jamie Majeski**

Background

In June 2023, I announced the appointment of Jamie Majeski to the position of Assistant Superintendent, effective August 21, 2023. This is a new position for all school boards across the province, which is funded by the Ministry of Education.

In this new role, Jamie will lead system initiatives supporting improved student engagement and achievement in K-12 mathematics, reporting directly to Superintendents of Education. He will also sit as a member of Executive Council and attend meetings of the Board of Trustees.

Jamie brings to this position a wealth of experience, working in mathematics instruction and learning, while building positive relationships with staff, students and parents. He has held a wide variety of positions during his teaching career, including classroom teacher, department head of mathematics, numeracy support teacher, student success numeracy lead, K-12 Catholic curriculum consultant and secondary vice principal. In addition, he has written ministry curriculum and supported EQAO with both question creation and student assessments. Jamie earned his master's degree in mathematics from the University of Waterloo in 2018 and holds an Honours Specialist in mathematics.

Jamie will work with the senior team, the Ministry of Education, EQAO, Catholic Learning Services, school administration and classroom teachers to support school and Board improvement planning.

We are excited to have Jamie lead this new portfolio. He looks forward to working collaboratively with school teams across our system to further support math fluency.

Recommendation

That the St. Clair Catholic District School Board receive the report: *Introducing Assistant Superintendent Jamie Majeski*, for information.
