2. In order to achieve these goals and the organization's success through its strategic plan, the following principles of good governance are essential.

  - b) The Board of Trustees will only give direction to evaluate or require the assistance of the Director of Education.
  - c) Decisions or instructions of individual Trustees, officers or committees are not binding on the Director of Education, except in rare instances when the Board has specifically authorized such exercise of authority.
  - d) In the case of Board members or committees requesting information or assistance without Board authorization, the Director of Education may refuse or defer such requests that require a material amount of staff time or funds or are disruptive.
