

**ST. CLAIR CATHOLIC DISTRICT SCHOOL BOARD  
POLICIES AND PROCEDURES**

**SECTION C: STUDENTS**

<b>EDUCATION PROGRAMS IN CARE AND/OR TREATMENT, CUSTODY AND CORRECTIONAL FACILITIES</b>	<b>POLICY</b>
<b>EFFECTIVE:</b> 2010 11 24 / 2016 05 24	

**POLICY STATEMENT:**

The St. Clair Catholic District School Board is committed to providing educational opportunities to students in care and/or treatment, custodial and correctional facilities. It is important that all pupils have a safe, caring, accepting and inclusive school environment in order to maximize their learning potential and to ensure a positive school climate. At the request of a government approved care, treatment or custodial facility located within its jurisdiction, the St. Clair Catholic District School Board may agree to operate Care and/or Treatment, Custody and Correctional Facilities (CTCC) to provide learning opportunities and supports for students who may be at risk of not succeeding in regular school settings.

**POLICY GOALS:**

1. Ensure that the St. Clair Catholic District School Board will provide suitable education programs in Care and/or Treatment, Custody and Correction Facilities (CTCC) that recognize the primacy of care and/or treatment of students unable to attend regular classrooms.
2. Develop a collaborative model between the school board and the community treatment facility that recognizes the board's obligation to providing educational programming and the facilities requirement to provide the care, treatment and or rehabilitation outcomes.
3. Facilitate specific pathways to ensure future educational success of students in CTCC programs when transitioning to their receiving school.
