

Electronic Monitoring

Date: 2023 03 28

Policy Statement

The St. Clair Catholic School Board is committed to ensuring the safety of staff and students, as well as the efficiency and integrity of Board electronic systems and operations. As such, the Board utilizes electronic monitoring as a tool to assist in maintaining a safe and secure learning and working environment for its students, staff, and community members.

Policy Goals

- Inform employees of the monitoring, observation, and surveillance procedures within schools and on school board premises, including electronic devices and services used by staff.
- Confirm that the Board operates systems in compliance with relevant legislation and the parameters of Board policies in order to ensure the safety and protection of staff, students, facilities, property, and information technology.
