ST. CLAIR CATHOLIC RELEASES ANNUAL EQAO RESULTS FOR GRADE 9 MATH

The Education Quality and Accountability Office (EQAO) has released the school and board results for the 2014-2015 Grade 9 math assessments

The Grade 9 mathematics assessments were conducted at the end of each semester during the 2014-2015 school year.

There is a change in reporting for this year. EQAO has announced that since not all schools participated in the 2014-2015 assessments, it would not publish a provincial-level result. School and board reports are being released for those schools and boards that fully participated in the assessments, but these reports will not include a provincial result.

The table below summarizes the results for St. Clair Catholic.

| Grade 9 Mathematics | Applied | | Academic | |
|---|---------|-----------|----------|-----------|
| | Prov. | St. Clair | Prov. | St. Clair |
| Percentage of students who exceeded or met the provincial standard (Levels 4 and 3) | n/a | 43 | n/a | 86 |

Data from all EQAO assessments is analyzed annually and used to develop improvement plans, under the direction of the K-12 Catholic Learning Services team. School principals and staff will also be required to report their improvement plans to the Board, based on the results of the 2014-2015 assessments.
