District School Board

St. Clair Catholic 5 Year Graduation Rate Nearly 90%

For Immediate Release

June 24, 2021

The five year graduation rate for students who entered St. Clair Catholic secondary schools has reached 89.9%, a full two points above the provincial average of 87.2%, which is the most recent data published by the Ministry of Education.

“This is outstanding achievement for our students and our staff,” says Deb Crawford, Director of Education. “This great success would not be possible without the tremendous support of our educators – not just at the secondary level – but in grades K through 12 and our School Within A College (SWAC) program. It takes the support of educators at all levels across the system to help our students achieve their Ontario Secondary School Diploma. Well done, everyone!”

The data is provided through the Ministry of Education’s ONSiS reporting system and is for the 2015-2016 cohort.
