NOTE: Scholarships and Bursaries are usually based on a combination of individual need and extra-curricular involvement. A “good” OSAP award does not reduce your chances for a local Bursary because it’s an indication that an official government assessment has identified your need. Be sure to complete page 2 which highlights personal data, family finances, and extra-curricular involvement both in and out of school.

All awards open to students studying at Canadian College or Universities only unless indicated in the information below.

Return this form to your Student Services Department before the end of June.
