

Getting information about school bus cancellations and delays just got a little bit easier. CLASS has launched a new mobile app that will provide subscribers with real-time notifications whenever buses are delayed by 10 minutes or greater. The notifications will come in the form of alerts, which will also include service cancellations due to adverse weather conditions. The app allows subscribers to quickly select the morning and afternoon buses for which they wish to receive updates from a simple drop down menu for either school board. For additional information about using the mobile app, please visit www.mysbi.ca

Bus delay and weather cancellation information will also continue to be posted on the CLASS website at www.schoolbusinfo.com
