### Approving Your Student’s Course Selections

In myBlueprint, once students submit their courses they are prompted with a Send Approval Email message. Once clicked, a parent or guardian’s email address can be added. The parent/guardian then receives a course selection approval request email, including the details of their student’s course selections. Please ensure you:

- Receive the Course Selection Approval Email
- Carefully review the courses that your student has selected (e.g., level of study, courses required for post-secondary interests)
- Select either Approve Course Selection or Reject Request

**Note:** Parents/Guardians are required to approve their student’s course selections to finalize/complete the course selection process.

Thank you for your prompt attention to the above items.

Have blessed Lenten season,
