NOTE: *Scholarships and Bursaries are usually based on a combination of individual need and extra-curricular involvement. A "good" OSAP award does not reduce your chances for a local Bursary because it's an indication that an official government assessment has identified your need. Be sure to complete page 2 which highlights personal data, family finances, and extra-curricular involvement both in and out of school.*

All awards open to students studying at Canadian College or Universities only unless indicated in the information below.
