Research indicates that students who are exposed to extracurricular activities such as clubs, teams, and experiential learning have a significant improvement in academic achievement. As a result, we highly encourage all students to participate in the many extra-curricular offerings in our school. Although these facets of a secondary school are extremely valuable, they are not funded directly by the Ministry of Education. To offer this breadth of activities we have implemented a long-standing practice of collecting an activity fee for each student. This \$40 optional fee offers tremendous benefit to our students, without which we would not be able to offer activities such as Catholic retreats, subsidization of clubs, subsidization of teams, uniform assistance, field trip assistance, school assemblies, guest speakers, and enhancing a positive school culture.

The optional student activity fee with a yearbook is \$75 (or \$40 if no yearbook desired). Please indicate payment below and circle payment method:
