

REPORT TO BOARD OF TRUSTEES

March 29, 2011

Paul Wubben, Director of Education

SUBJECT: Accommodation Review Staff Report – St. Michael Catholic School, Turnerville

PREPARED BY: Paul Wubben, Director of Education

BACKGROUND:

On September 13, 2010 the Board of Trustees for St. Clair Catholic approved the establishment of an Accommodation Review Committee for St. Michael Catholic School in Turnerville.

St. Michael is significantly under capacity, according to the Ministry of Education's On The Ground (OTG) capacity rating, which is a measure of the occupancy of a school building. In September 2010, enrolment was at 54 students, or 34% of the OTG rating, which is significantly below the 85 percent funding threshold set by the ministry. By 2015, the enrolment at St. Michael is projected to be just seven students, resulting in an OTG rating of just 4%. In other words, the building would be 96% under capacity.

The problem of under capacity is a function of declining enrolment across the entire district, the province and is also due in part to the school's remote rural location. With enrolment projected to decline to single digits, the situation is unsustainable for the Board and undesirable for students, with respect to educational and co-curricular programs. The only viable recommendation can be to close the school.
