Question and Answer Session

Question: Once model and design are done, does the public have any say in what the designs of the two new schools will look like?

Answer: *The normal process would be to have a design committee set up from the beginning.*

Question: Can the public add to the ARC “wish list”?

Answer: *Yes, but the additions should go to the design committee, which will be set up.*

Question: Will the two schools have new names?

Answer: *The renaming process would likely not be an appropriate undertaking for the Accommodation Review Committee. It could be considered at a later date.*
