## Proposed Boundaries

### - Student Distribution

---

- Proposed boundaries would divide the current St. Michael School boundary area between Good Shepherd in Thamesville, St. Vincent in Chatham, Holy Family and Christ the King in Wallaceburg, and Sacred Heart in Port Lambton.
- Current grade 1-7 students from within this boundary would be split between St. Vincent (15 students) and Good Shepherd (22 students). One grade 7 student would fall within the boundary for Holy Family, but could be grandfathered to Good Shepherd with transportation provided.
- All Grade 8 students could be provided the option to attend Good Shepherd with transportation provided.

## Attendance Options

---

- **OPTION A** - Class organizations shown are based on new boundaries which would split the St. Michael area geographically amongst a number of schools to accommodate families at the school nearest their residence.
- All students from St. Michael could be accommodated at Good Shepherd in Thamesville; Christ the King or Holy Family in Wallaceburg.
- **OPTION B** - As requested by the ARC committee, a sample class organization and transportation information has been prepared only for the scenario where all students would go to Good Shepherd.
