Accommodation Review — 2010

School Information Profile

St. Michael Catholic School, Turnerville ***10923 Country View Line, Dresden, ON***

This Valuation Instrument has been created by the senior administration of the St. Clair Catholic District School Board, in keeping with guidelines provided by the Ministry of Education. It is to be used to guide your thinking in determining the value of the school.

The St. Clair Catholic District School Board is proud of all of its schools. Each is a vibrant community, populated by staff and students who care about the faith, learning and each other; yet, the reality of declining enrollment forces us to make some difficult choices.

This School Information Profile is designed to assist you as a member of the Accommodation Review Committee as you give due consideration to the various components and the value it gives to the student, the board, the community and the local economy. You will note that the greatest weight is given to the value of the school relative to the student, which stresses importance of viewing the school from this perspective. While this checklist attempts to capture much of what a school offers in an objective way, it is impossible to list everything. Therefore, while it will figure in your decisions, it is not intended to be the sole source of information.
